## GENERAL DESCRIPTION:

SUPER ENZYME PLUS is a naturally derived, concentrated odor control treatment, which is biologically engineered through micro vaporization to neutralize, absorb and eliminate malodors associated with municipal and industrial garbage, composts, sewage and sludge. SUPER ENZYME is highly effective at low use dilutions offering optimum performance and minimal use cost. SUPER ENZYME is a unique formula of botanical extracts, enzymes, natural oils and emulsifiers; all ingredients have "GRAS" status, "generally recognized as safe." When properly diluted for the specific application, SUPER ENZYME is very effective and completely safe for its intended uses. SUPER ENZYME is biodegradable, non-hazardous, non-corrosive, and non-flammable. It contains proprietary inhibitors and dispersing agents for safe, effective use with NCM Odor Control systems; this also prevents damage to trucks, cars, equipment and ensures proper operation of NCM dispersing systems.
